

PRIVACY POLICY

Mobile Application : Mystia
Last Updated: June 19, 2026

1. Preamble

The purpose of this Privacy Policy is to inform users of the **Mystia** mobile application, in a clear, precise, and transparent manner, about the methods of collection, processing, use, storage, and protection of their personal data.

The application is published by **Mr. Morgan NOUËT**, acting under the trade name **Garias Interactive**, within the framework of a "Contrat d'Appui au Projet d'Entreprise" (CAPE – Business Project Support Contract) concluded with the business incubator **Odacio**.

The processing of this data is carried out in compliance with Regulation (EU) 2016/679 (GDPR), as well as the amended French Data Protection Act (*Loi Informatique et Libertés*). Although these standards stem from European legislation, Mystia applies these principles of protection and transparency to all its users, regardless of their country of residence.

1.1 Territorial Scope This Privacy Policy applies to all users of the Mystia application worldwide. Mystia is committed to respecting the fundamental principles of the GDPR on a global scale, without prejudice to specific rights and local regulations applicable in other jurisdictions (such as the CCPA/CPRA in California or the LGPD in Brazil).

1.2 Governing Language In the event of any contradiction between a translated version of this Privacy Policy and the French version, the French version shall prevail.

2. Data Controller

The Data Controller, within the meaning of the GDPR, is the legal structure supporting the Publisher's activity:

ODACIO - COUVEUSE D'ENTREPRENEURS DE CHARENTE-MARITIME Simplified Joint-Stock Company (SAS) **SIREN:** 433 497 310 **Registered Office:** 2 Rue Braille, 17000 La Rochelle, France

For any questions, requests for access, rectification, or deletion of your personal data, you may directly contact the Publisher (Mr. Morgan NOUËT), who ensures the operational management of the service:  **Email:** my.mystia.contact@gmail.com

3. Data Collected

Within the framework of using the Mystia application, the following categories of data may be collected:

Data collected during account creation:

- Email address
- Pseudonym (Username)
- Age
- Gender
- Date of birth
- Marital status
- Occupation
- Place of birth
- Referral source (how you discovered the app)
- Expressed expectations regarding the service
- Advertising identifier

Data collected during the use of the service:

- Questions submitted by the user
- Selected reading themes
- Types of spreads chosen
- Results generated by the application
- Summaries generated by artificial intelligence
- Usage statistics (for service improvement purposes)

Important clarification: Although Mystia does not intentionally collect sensitive data within the meaning of Article 9 of the GDPR (e.g., health, spiritual orientation, etc.), the user is informed that certain information freely entered (particularly in the questions asked) may indirectly reveal such data. These elements are not subject to any targeted processing.

4. Purposes of Processing

Data processing is carried out for the following purposes:

- Creation, management, and maintenance of the user account.
- Provision of AI-assisted cartomancy services.
- Optimization of the user experience.
- Conduct of internal statistical analysis (e.g., frequently addressed topics).
- Processing of assistance and support requests.
- Compliance with legal and regulatory obligations.

No commercial prospecting or newsletters are sent without prior explicit consent.

5. Legal Basis for Processing

The aforementioned processing activities are based on the following legal grounds:

- **Consent** of the data subject (account creation, processing of optional data).
- **Performance of a contract** (access and use of the application).
- **Legitimate interest** of the Data Controller (service improvement, internal analysis).
- **Compliance with legal obligations** (security, data retention).

6. Recipients and Sub-processing

Personal data is accessible only to:

- **The Publisher:** Mr. Morgan NOUËT (acting under the trade name **Garias Interactive**), as well as authorized members of the **ODACIO** business incubator if their intervention is strictly necessary for the administrative or legal management of the project.
- **Technical Sub-processors** listed below, acting on documented instructions:
 - **Firebase (Google LLC)** – Storage infrastructure and database.
 - **OpenAI** – Automated generation of AI responses (Europe-West1 region – Ireland).
 - **Google Analytics** – Measurement of audience and application usage.
 - **OVH SAS** – Hosting of the showcase website mystia.eu.
 - **RevenueCat** – Management of in-app subscriptions and verification of purchase transaction validity.
 - **AppsFlyer (AppsFlyer Ltd.)** – Install attribution and advertising campaign performance measurement.

All sub-processors are bound by a contract compliant with Article 28 of the GDPR and are committed to ensuring the confidentiality, security, and non-reuse of the processed data. No transfer of data outside the European Union is carried out without appropriate safeguards.

7. Data Retention Periods

Data is retained for the periods strictly necessary for the purposes described above:

Data Category	Retention Period
User account data	Until voluntary deletion of the account
Activity-related data (readings, summaries, etc.)	3 years after the last activity
Assistance/Support data	3 years after the closing of the request
Aggregated and anonymized statistical data	Up to 5 years

Account deletion results in the irreversible erasure of all associated data. The date and time of this deletion may be retained for evidentiary purposes or GDPR compliance.

8. Rights of Data Subjects

In accordance with Articles 15 to 22 of the GDPR, users have the following rights:

- **Right of access** to their data.
- **Right to rectification** of inaccurate data.
- **Right to object** to processing in certain cases.
- **Right to erasure** ("right to be forgotten").
- **Right to restriction** of processing.
- **Right to data portability**.

Withdrawal of consent may be exercised at any time, without retroactive effect on the lawfulness of processing based on consent before its withdrawal.

These rights may be exercised by sending a request to: [✉ my.mystia.contact@gmail.com](mailto:my.mystia.contact@gmail.com)

In the event of a persistent dispute, the user has the right to lodge a complaint with the French Data Protection Authority (CNIL) at www.cnil.fr.

In accordance with the one-stop-shop mechanism provided for by the GDPR, the **Commission Nationale de l'Informatique et des Libertés (CNIL)** is the competent supervisory authority for the processing of personal data carried out within the European Union by **Mr. Morgan NOUËT**, acting under the trade name **Garias Interactive** within the framework of his contract with the **Odacio** business incubator.

However, users may also exercise their rights with the data protection authority of their country of residence.

9. Data Security

The Data Controller implements appropriate technical and organizational measures to ensure a level of security adapted to the risks, in accordance with Article 32 of the GDPR. This includes, in particular:

- Secure user authentication.
- Hosting on protected infrastructures.
- Encryption of data in transit.

10. Processing of Minors' Data

The Mystia application is strictly reserved for individuals aged 16 and over. No intentional collection of personal data concerning minors under the age of 16 is carried out.

11. Content Generated by Artificial Intelligence

11.1 Nature of Content The content provided by the AI (summaries, analyses, or interpretations) is generated in an automated manner and is exclusively of an informative, playful, and entertainment nature. Under no circumstances does it constitute professional, medical, psychological, financial, or legal advice.

11.2 Disclaimer of Liability The User acknowledges being solely responsible for the use made of this content and the decisions taken as a result. Consequently, **Mr. Morgan NOUËT**, the **Garias Interactive** brand, as well as the **ODACIO** business incubator (in its capacity as the legal support for the activity), decline all responsibility for any direct or indirect damage resulting from the interpretation or use of content generated by artificial intelligence.

12. Changes to the Policy

This Privacy Policy may be modified at any time, notably in the event of regulatory, jurisprudential, or functional changes. In the event of a substantial modification, users will be informed via the application.
